# ABOUT LEXUS OF LONDON GOLF CLASSIC

Lexus of London Golf Classic is London's marquee fundraising event in support of prostate cancer research and the Prostate Cancer BioBank at the London Health Sciences Centre (LHSC).

London Urology BioSolutions Repository was made possible through a generous donation from Lexus of London. This initiative enables researchers to lead groundbreaking urology research by collecting, preserving and sharing biological samples and associated data from both patients with urological conditions and healthy individuals. These samples are used in studies to better understand, diagnose and treat prostate cancer and other urological conditions.

As London's favourite charity golf tournament, the Lexus of London Golf Classic tournament offers a two-day experience where good times and great causes come together.

Since its inception in 2000, the two-day Lexus of London Golf Classic fundraising event has raised a cumulative total of \$1.6 million for the LHSC, thanks to the support of sponsors, attendees and volunteers.

**Our goal this year is to raise \$100,000.**

## Lexus of London Gala

6:30 PM, June 14, 2026

Lexus of London Showroom

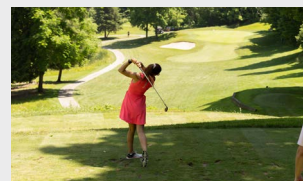

The highly anticipated Lexus of London Gala welcomes over 350 prominent guests, including Golf Classic sponsors and Lexus of London VIPs, for an evening of luxury. Indulge in wonderful wines, delicious cuisine, and live entertainment. This exclusive night also offers unique auction items to support the Prostate Cancer BioBank at LHSC.

## Lexus of London Golf Classic

9:00 AM, June 15, 2026

The Oaks Golf and Country Club

Voted a favourite by the Best of London Golf Awards, the Lexus of London Golf Classic is a traditionally sold-out event with 144 golfers. The fun-filled day includes a registration brunch, shotgun start, engaging hole activities, and concludes with a cocktail reception and dinner.

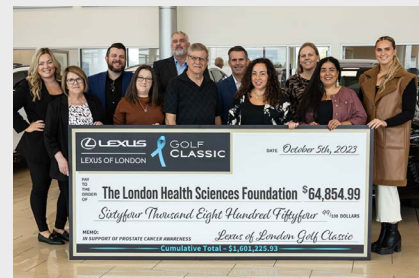

## ABOUT THE LONDON HEALTH SCIENCES FOUNDATION

For 30 years, LHSF has connected donors with the causes that matter most to them—advancing care, driving innovation and improving lives across Southwestern Ontario.

Government support only goes so far, funding the day-to-day operations at London Health Sciences Centre (LHSC), but philanthropy powers what comes next.

Things like state-of-the-art equipment, breakthrough research and patient care that goes beyond the standard.

## ABOUT THE LONDON HEALTH SCIENCES CENTRE PROSTATE CANCER BIOBANK

Each year, 30,000 Canadian men are diagnosed with prostate cancer, making this the most common malignancy among men. On average, over 80 Canadian men will be diagnosed with prostate cancer every day, while one out of eight males in this country will be diagnosed with prostate cancer during their lifetime.

Current prostate cancer care relies on an individual's overall health history, the measurement of a blood protein marker called prostate-specific antigen (PSA), and biopsy results. While valuable, emerging scientific advances in biomarkers promise more personalized approaches by offering detailed information on a patient's cancer and its anticipated treatment response.

Biobanks are essential for advancing health research. They serve as repositories for high-quality biological tissue, blood, and urine samples collected from consenting patients, providing researchers with detailed clinical data. This invaluable resource supports studies aimed at understanding diseases, developing personalized treatments, and improving patient outcomes.

Operational funding for the LHSC Prostate Cancer Biobank largely comes from the London Health Sciences Foundation and generous supporters like you.

## ABOUT OPENROAD FOUNDATION

The Lexus of London Golf Classic is hosted by Lexus of London and OpenRoad Auto, in collaboration with OpenRoad Foundation. Since its inception in 2023, OpenRoad Foundation, the charitable giving arm of OpenRoad Auto, has contributed more than \$1.5 million in grants to over 60 community partners across BC and Ontario. OpenRoad Foundation focuses its efforts on three key pillars:

**Environment** - Alongside several environmental organizations, OpenRoad Foundation supports initiatives to sustain BC and Ontario's robust ecosystems for present and future generations to come;

**Community** - People should be empowered and given the opportunity to redefine what is possible for themselves and their communities. In conjunction with many exceptional groups, OpenRoad Foundation supports creative solutions for individuals and their families;

**Education** - OpenRoad Foundation supports opportunities for academic success and leadership initiatives through supporting learning activities and scholarships.

In addition to financial grants, OpenRoad Group Associates have participated in a number of volunteer efforts, including food rescues, shoreline cleanups and kit packing, all of which reflect OpenRoad's hands-on approach to philanthropy.
